

Buying your first home or your third can be a daunting process. This is your BIGGEST investment. Placing this investment in the hands of the right person is very important.

Get recommendations from your friends, ask around! Interview at least two agents. Understand their style, their experience, their personalities. This is a team effort and you are going to be talking to this person daily! Find a Realtor who is a good fit with you.

You are working only with that agent and that agent is responsible for showing you homes, understanding the school districts, helping you tour the community, writing your contract, and more!

I have 15 years experience as an agent in the Columbus residential market. I live in the community, I volunteer, and I work real estate as my full time business and job. I treat all my clients as I would want to be treated and I respect their homes as I would mine.

You will find me to prompt, courteous, loyal, trustworthy, and a tough negotiator on your behalf! I love what I do – and I savor the unexpected moments of joy with my clients. I welcome the opportunity to earn your business in the Columbus Indiana market-place.
